

ANDERSON CASE IS SUBMITTED.

Suit for Divorce Develops Glib
Testimony on the Part of the
Witnesses.

TELL AN ELOQUENT STORY.

Charges and Counter Charges Sustained,
Denied, Reaffirmed and
Denied Again.

The testimony in the divorce case of Janet Anderson against William N. Anderson was concluded in Judge Morse's court yesterday afternoon and the case was submitted to the court without argument. Mrs. Anderson charged her husband with cruelty and testified when the case was first called several weeks ago that he had knocked her down, choked and beat her and also lost her son and used vile language towards them. Mr. Anderson made countercharges against his wife and testified that she had struck him with a stove-lifter and had threatened to smash his brains out.

Witnesses placed on the stand yesterday afternoon told of the quarrels between Mr. and Mrs. Anderson and endeavored to place the blame where they thought it belonged. Two of Mr. Anderson's sisters, Mrs. Pardoe and Mrs. Easley, waxed so eloquent in telling of the good qualities of their brother that it took the combined efforts of Judge Morse and Attorneys McQuinn and Gustin, for plaintiff, and Judge Tanner, attorney for defendant, to stop them and hold them to the line of questioning by the attorneys. The little 10-year-old daughter of Mr. Anderson was the first witness called in the case yesterday, and she told all about the quarrels between her father and stepmother. Both the plaintiff and defendant were recalled to the witness stand before the case was finally closed.

BAMBERGER WINS.
Woodman Estate Directed by the Court To Cancel Note.

The jury in the case of the Utah Savings & Trust company, administrator of the estate of James P. Woodman, deceased, against Senator Simon Bamberger, has returned a verdict in favor of defendant. The case was tried in Judge Ritchie's court and was brought to a close yesterday afternoon at 2 p. m. Bamberger had asked for \$1,399, the full amount asked by plaintiff. In this case the plaintiff was Mrs. Angus W. Fitzgerald and the fact was that a woman probably had as much to do with the verdict being the maximum amount as anything. The action arose because of the failure of defendant to furnish a first class coach for its first class passengers and compelling them to ride in the same coach from Reno to Ogden with a gang of drunken men who kept the car in a filthy condition and caused the other passengers to leave in disgust by their vile language and indecent conduct. In the first case against the company the plaintiff was given judgment for \$1,000; in the second judgment was rendered for \$1,250 and in the third, which was concluded yesterday, the judgment was for \$1,399. The plaintiffs in the first two cases were men.

STILL ANOTHER.
Plaintiff Gets Full Amount in Suit Against Southern Pacific.

The third case against the Southern Pacific company tried in the past week and arising out of the same facts was concluded in Judge Lewis' court Thursday afternoon and the jury returned a verdict in favor of plaintiff for \$1,399, the full amount asked by plaintiff. In this case the plaintiff was Mrs. Angus W. Fitzgerald and the fact was that a woman probably had as much to do with the verdict being the maximum amount as anything. The action arose because of the failure of defendant to furnish a first class coach for its first class passengers and compelling them to ride in the same coach from Reno to Ogden with a gang of drunken men who kept the car in a filthy condition and caused the other passengers to leave in disgust by their vile language and indecent conduct. In the first case against the company the plaintiff was given judgment for \$1,000; in the second judgment was rendered for \$1,250 and in the third, which was concluded yesterday, the judgment was for \$1,399. The plaintiffs in the first two cases were men.

GOT BLACKS MIXED.
For This Reason Injunction Suit Issues Against the Sheriff.

An injunction suit was filed in the district court yesterday afternoon by George A. Black and wife against John W. Eason and Sheriff C. Frank Emery to restrain them from levying on some land belonging to plaintiffs. The complaint alleges that a judgment was rendered in favor of Emery against L. H. Dunning, James T. Fulton and James B. Black for the sum of \$364.90 and an execution was issued and placed in Sheriff Emery's hands. The latter is attempting to levy on \$450 rods of ground in lot 1, block 10 and A, which, it is alleged, belongs to George A. Black and not to James B. Black. Judge Morse has issued a temporary restraining order in the case.

Old Case Settled.
The case of Gus Westphal against Pat Ryan, Josiah Barnett and Frank Hines, which has been pending in the district court for five years, has been settled in Judge Lewis' court by stipulation in which it was agreed that judgment should be entered in favor of plaintiff for \$400. The suit was brought to recover \$487.71, alleged to be due plaintiff for services rendered and money advanced for the development of the Annie Laurie mine in 1901.

Will Filed for Probate.
A petition for the probate of the will of Joseph Sull, deceased, has been filed in the district court by E. B. Wickes, who asks to be appointed administrator with the will annexed. The testator died in Kalamazoo, Mich., on April 23, 1905, leaving an estate in this country valued at \$2,000.

DIDN'T BUT DID.
John Coen Denies Stealing Razors Found in His Effects.

Deputy Sheriff Davis of Alta yesterday arrested John Coen at that camp on the charge of petit larceny, and brought him down to this city to be placed in jail. It was charged that Coen stole two razors. In the sheriff's office he declared his innocence. Sheriff Emery searched him and his pack of razors, Coen declared that he had been "jobbed" and that some one put the razors in the bundle without his knowledge. He is being marched to jail despite his declarations.

WHOLESOME OF ALL FRUIT ACIDS

Its superiority is unquestioned
Its fame world-wide

against alum food

Alum baking powders are detrimental to health.
Many consumers use alum baking powders in perfect ignorance. They are allured to the danger by the cry of cheapness, and the false and flippant advertisements in the newspapers. Alum baking powders do not make a "pure, wholesome and delicious food" any more than two and two make ten. Their manufacturers are deceiving the public. If you wish to avoid this danger to your food,

LOOK UPON THE LABEL

and decline to buy or use any baking powder that is not plainly designated as a cream of tartar powder.

Climatic Cures.

The influence of climatic conditions in the cure of consumption is very much overdrawn. The poor patient, and the rich patient, too, can do much better at home by proper attention to food digestion, and a regular use of German Syrup. Free expectoration in the morning is made certain by German Syrup, so is a good night's rest and the absence of that weakening cough and debilitating night sweat. Tireless nights and the exhaustion due to coughing, the greatest danger and dread of the consumptive, can be prevented or stopped by taking German Syrup liberally and regularly. Should you be able to go to a warmer climate, you will find that of the thousands of consumptives there, the few who are benefited and regain strength are those who use German Syrup. Trial bottles, 25c; regular size, 75c. At all druggists.

STRONG EFFORT FOR TEMPERANCE.

Women's Union Holds Annual
Convention and Discusses White
Ribbon Movement.

ADDRESS BY N. Y. WOMAN.

Best Means of Preventing Young Men
From Taking the First Drink—
Closes This Afternoon.

The first session of the annual convention of the Utah W. C. T. U. was held last evening in the First Presbyterian church, with a large attendance. Rev. P. A. Simpkins, who was to have led the opening prayer, was absent in Park City, so Rev. R. S. Walker officiated in his stead. Mrs. J. S. Gordon, the president, made the opening address, in which she urged distribution of temperance literature, Sunday school work, and temperance instruction in the public schools. Mrs. Helen L. Bullock of Elmira, N. Y., spoke on "The Old World and the New," in which she paid a handsome tribute to the late Frances E. Willard of Chicago and Margaret Bright of England for their life long endeavors in the cause. She also referred to the fact that the mere sight of the white ribbon had often been the means of preventing young men from taking the first drink, as well as lifting up men who had fallen victims to the habit.

CLOSES THIS AFTERNOON.

The convention closes this afternoon. The morning session was occupied with a consecration meeting conducted by Mrs. G. W. Martin of Mantle, reports of the officers and credential committee, election of officers, and Monday prayer meeting led by Mrs. E. E. Shepherd. This afternoon Mrs. Bullock gives a Bible reading, and there is also an open discussion on "Responsibility of Mothers for the double standard of morals," also, on "Do we help young people to be happy and consistent abstainers?"

Terrific Race With Death.
"Death was fast approaching," writes Ralph P. Fernandez of Tampa, Fla., describing his fearful race with death, "as a result of liver trouble and heart disease, which had robbed me of sleep and of all interest in life. I had tried many different doctors and several medicines, but got no benefit, until I began to use Electric Bitters. So wonderful was their effect, that in three days I felt like a new man, and today I am cured of all my troubles." Guaranteed at Z. C. M. I. Drug Dept. Price 50c.
